

# For Your Life's Journey

Tallents Solicitors will be here for you, no matter what life throws at you. We truly hope all goes well, but when you do need legal help, or maybe your family or business does, then you can rely on us to be here for you. We've been Tallented in law since 1774.

## Employment

Congratulations on getting your first job. We can help you with any employment law issues that may occur: bullying, harrasment, disciplinary proceedings, discrimination, disputes, settlement agreements, redundancy or dismissal.

## Relationships

Whether you're co-habiting, engaged, married, separated or divorced, we can help with a range of legal scenarios: pre-nups and post-nups, mediation, financial agreements, litigation and disputes.

## Children and families

Our family law and children law specialists can help where needed: mediation, collaborative family law, contact and access, preparing for and coping with disabilities, care arrangements and appointing guardians.

## Buying or selling a home

Our conveyancing specialists have helped people move home thousands of times over the years. Once you're a homeowner, our Private Client team can also help you with Wills and Lasting Powers of Attorney to protect your property and finances.

## Starting or selling a business

This is where our commercial legal team can help you run a successful business. We have experience in employment law, managing employees, partnerships and shareholder agreements, renting and letting, dealing with tenants and landlords, buying another business, merging businesses, business succession and pensions.

## Renting a property

Whether you're a tenant or a landlord; whether it's a family home, a commercial property or managing a property portfolio, we can help and advise you.

## Growing older

Age comes to us all but there's no need to fear the future. We can help with legal issues arising from: retirement, succession planning for businesses, health issues, care and capacity, Wills, trusts, inheritance tax, Lasting Powers of Attorney, selling property and land, and preparing for later life care for yourself or for your family.

## Protection

At some point in your life, you're going to have valuable things that you want to protect. That realisation of responsibility can weigh heavy, but we can help you protect yourself with a Lasting Power of Attorney, your family with Wills and trusts, and your business with Shareholder or Partnership Agreements, should you need them.

## Managing property and estates

Preparing for the inevitable is not something we generally want to face. But we know one thing for sure, you do not want to leave the Taxman in your Will inadvertently. We can help you distribute your wealth and assets in the most tax-efficient way, to ensure your wishes are met once you pass on.

## How we can help you

- Agricultural law
- Business law
- Care and capacity
- Children law
- Commercial law
- Complex property law
- Conveyancing
- Criminal law
- Dispute resolution
- Employment law
- Estate planning
- Family law
- Notary Public
- Private client law
- Resolution
- Wills, Trusts & Probate

...and much, much more.  
We're here for your whole life.

## Death of a loved one

At a sad time, we can help with probate and estate administration, appointing executors and guardians and managing property.
